

## Call for papers: *Regenerative Medicine Research*

**EDP Sciences** is happy to announce that it is now publishing the fully Open Access journal, ***Regenerative Medicine Research***, and that the journal is now open for submissions.

***Regenerative Medicine Research*** is a peer reviewed international open access journal that publishes high quality research relating to both the fundamental and practical aspects of regenerative medicine, with a particular emphasis on translational research. It will use EDP's *Liberty APC* model for article processing charges, where authors can choose their own fair article processing charge, from 0€ upwards.

The journal boasts a prestigious editorial board, including Y. James Kang (Editor-in-Chief), Joseph S. Albert, Boon H. Bay, Jing-qiu Cheng, Reinhold G. Erben, Xiobing Fu, Yuoming Lu, Giorgio Minotti, Nadia Rosenthal, and others. Full details of the Editorial Board can be found below.

More information on the journal can be found here  
<http://www.regenmedres-journal.org/>.

The journal is fully indexed in ***PubMed Central*** and is included in Web of Science's ***Emerging Sources Citation Index***.

The journal accepts papers on the following topics relating to regenerative medicine:

- Biomaterials (including stem cells, engineered tissues, nanotech inventions etc.)
- Molecular and cellular biology of regenerative medicine
- Pharmacology and pharmaceuticals for regenerative medicine
- Fundamental research and medical implementation of regenerative medicine
- Animal models of regenerative medicine
- Genomic understanding and prediction for the outcome of regenerative medicine
- Rejuvenation of early stage repair mechanisms
- Tissue repair mechanisms and intervention
- Technical innovation in regenerative medicine
- Organ and tissue specific regeneration including:
  - Brain and nervous system
  - Cardiovascular system
  - Renal system
  - Gastrointestinal system
  - Skeletal muscle
  - Bone and structural regeneration
  - Bone marrow rejuvenation and regeneration
- 3D bio-printing in regenerative medicine

- Tissue engineering in regenerative medicine
- Cell-based therapy in regenerative medicine

Please submit all papers via our online submission <http://www.editorialmanager.com/rmr/default.aspx> or email our Editor-in-Chief Y. James Kang [rmr.editor@vip.163.com](mailto:rmr.editor@vip.163.com) for more information on the journal.

#### **Editorial Board**

**Editor-in-chief:** Y. James Kang, Sichuan University, China and University of Louisville, USA

**Managing Editor:** Lily Zheng, Sichuan University, China

#### **Editorial Board**

Joseph S. Alpert, University of Arizona College of Medicine, USA  
Tania de Araujo-Jorge, Instituto Oswaldo Cruz, Brazil  
Anthony Atala, Wake Forest University, USA  
Augustinus Bader, University of Leipzig, Germany  
John H Barker, Frankfurt Initiative for Regenerative Medicine, Germany  
Boon H Bay, National University of Singapore, Singapore  
John H Beattie, Rowett Research Institute, UK  
Gulden Camci-Unal, Harvard Medical School, USA  
Jing-qiu Cheng, Sichuan University, China  
Tammy Dugas, Louisiana State University Health Science Center, USA  
Reinhold G Erben, University of Veterinary Medicine Vienna, Austria  
Xiaobing Fu, Chinese PLA General Hospital, China  
Makoto Furutani-Seiki, University of Bath, UK  
Kathy Gabrielson, Johns Hopkins University, USA  
Benoit R Gauthier, CABIMER, Spain  
Keith K Jones, University of Cincinnati, USA  
Youming Lu, Huazhong University of Science and Technology, China  
Russell B. Melchert, University of Missouri-Kansas City, USA  
Giorgio Minotti, University Campus Bio-Medico, CIR and Drug Sciences, Italy  
Patricia Oteiza, University of California, USA  
Lynette K Rogers, Ohio State University, USA  
Nadia Rosenthal, Monash University, Australia  
Changyong Wang, Academy of Military Medical Sciences, China  
Stuart K. Williams, University of Louisville, USA  
Yi Zhu, Tianjin Medical University, China

#### **About EDP Sciences and EDP Open**

EDP Sciences (<http://publications.edpsciences.org>) is a not-for-profit publisher, established in 1920, belonging to learned societies with a mission to participate in the dissemination of important research that accelerates scientific progress and cross-fertilisation of ideas of the society in general. EDP Open (<http://www.edp-open.org>) is the Open Access arm of EDP Sciences. EDP Sciences is located in Paris and London and publishes over 55 scientific journals in the physical sciences, mathematics, life and environmental sciences, energy, materials and engineering, health and biomedical sciences. It also publishes 20 professional magazines, conference proceedings ([www.webofconferences.org](http://www.webofconferences.org)) and books.
